Sharper, better made and better acted, "Eye in the Sky," doesn't present as overtly critical a view of drone warfare. The military officers take their work seriously and fret over every detail as...

~~Sloan Science & Film~~

Abstract: Drone systems have been deployed by various law enforcement agencies to monitor hostiles, spy on foreign drug cartels, conduct border control operations, etc. This paper introduces a real-time drone surveillance system to identify violent individuals in public areas. The system first uses the Feature Pyramid Network to detect humans from aerial images.

Drones: law enforcement's secret eye in the sky By Sam Richards Residents of Minnesota's largest county may soon notice police drones whizzing around overhead.

~~Eye in the Sky (2015) IMDb~~

When outfitted with cameras and other data-gathering devices, drones provide an "eye in the sky," scouting for plant pests or dry spots in need of more attention.

~~Drones in "Eye in the Sky" dronecenter.bard.edu~~

Drones that were once used only for military purposes have now entered the private sector. With the surveillance culture that is permeating almost every part of modern society, drone surveillance using not just cameras but facial recognition software, IR technology, and speakers are an unprecedented threat to privacy.

~~Drones: law enforcement's secret eye in the sky ...~~

Yes. The birdlike drone is a direct copy of the Hummingbird Nano-UAV prototype developed by Aerovironment (who make most of the US Army's tactical drones) for the DARPA back in 2011. TIME magazine rated it as one of the top 50 inventions of the ye...

~~How Drone Kills Happen: "Eye in The Sky" Film Dramatizes Techno-Moral Dilemma~~

EYE IN THE SKY is a contemporary military drama starring Helen Mirren and the late Alan Rickman, in his last on-screen appearance, in the respective roles of a United Kingdom colonel and general. It was written by Guy Hibbert and directed by Gavin Hood, who also directed Ender's Game.

Eye In The Sky Drone Services October 31 at 2:33 PM · I've mentioned before that Eye In The Sky Drone Services does much more than just droning; we provide beautiful effective imagery (photos and video) whether it be aerial or handheld for events, real estate, weddings, pet photo sessions, etc. etc.!

~~Eye In The Sky Drone~~

Eye in the Sky features two biologically-inspired micro drones—a hummingbird and a beetle—that feed video footage of the targets to the mission commander. Biologically-inspired drones like these are designed to mimic the movements of actual insects or animals by incorporating, for example, flapping wings.
