# Harley Check Engine Light Codes

### Harley Check Engine Light Codes

There are four separate electrical systems with their own specific codes on your Harley-Davidson Touring model. The categories are ECM (engine control module), BCM (body control module), SPDO (speedometer), and RAD (radio). To enter DIAG (diagnostics), you simply press and hold the trip button while cycling the ignition on.

...

Hello guys, I have a 05 sportster with just under 10,000 miles on it, carbureted. I just got home from a 100 mile ride and during the ride my engine light kept coming on and then going off a few seconds later. I have Vance and Hines pipes (short shots), a heavy breather air cleaner with a rejet kit on it and I just switched from using premium fuel all the time to using 100 percent gasoline ...
